J. J. ABELL, PROPRIETOR.

I HAVE LEASED for a term of years this delightful WATERING PLACE, and will have it open for the reception of company on the last of June. The proprietor pledges himself that nothing shall be spared on his part, or of those in his employ, to render the time of his visters agreeable. His fare, &c. shall be second to that of no ether watering place in Virginia. His bar will be furnished with the best of liquors of every kind; and, in fact, it will be the proprietor's determination to remler this one of the most pleasant and delightful summer retreats in Virginia. The virtues of the water have been fully tested in cases of the umatism, dropsy, or dyspepsia, and persons afflicted with rither of those daesacs will find great relief from the bathing. &c. The proprietor has a fine coach and team, which will most passengers daily at Charlestown, on the strival of the cars, to convey them to and from the Springs. THIS remarkable invention, which has received the almost universal approbasion of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent by means of which the ordinary Galvanis Batteries, Electric and Magnetic Machines, &c. are entirely, dispensed with, and the mysterious power of Galvanism applied without any of the objections which are inseparable from the general mode now in use.

The Galvanic Rings have been used with entire success in all eases of rheumatism, acute or chronic, applying to the head, face, or limbs; gout, tie-doloreux, totofache, bronethits, vertigo, nervous or sick headache, indigestion, paralysis, paley, epicepy, fits, cramp, palpitation of the heart, apoplexy, stiffness of the joints, spinal complaints, lumbago, neuralgis, nervous remore, dizziness of the head, pains in the cheat and side, general debility, deficiency of nervous and physical ensergy, and all nervous diorders. In cases of confirmed dyspepsis, which is simply a nervous derangement of the digestive organs, they have been been found comally successful. Their extraordinary effects upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints they are equally recommended. The rings are of different prices, being made of all sizes, and of various comanental justerns, and can be worn by the nest delicate female without the slightest inconvenience. In fact, the sensation is rate ber agreeable than ctherwise.

The Galvanic Beltra, Brackettra, Brackettra, Brack, Galvanic Necklaces are used with greater benefit in cases of bronchitis or affections of the throat generality saloo, in cases of previous deafeness; and with aimost uniform success as a preventive for appoplexy, epileptic fits, and similar complaints.

Christic's Magnetic Fluid is used in connexion with the Galvanic Rings, and all their modifications. This composition has been pronounced by the French Chemists to be one of the most extraordinary discoveries of modern scien
